WORK EXPERIENCE

Solutions Developer, Hedgehog Development, Charlotte, NC, March 2017 - Present

- Performed independent work and collaborated across teams in order to utilize .Net and C# to develop, maintain, QA, and upgrade web applications built on the Sitecore platform (versions 8 and 9).
- As a consultant, gave advice, support, documentation, and recommendations to clients.
- Provided front-end support through HTML, CSS, and Javascript. Maintained features built on Angular JS.
- Wrote scripts for Sitecore Powershell Extensions in order to migrate data and adjust content.
